

Agroecological zones

- Irrigated
- Rainfed mixed
- Tree crop
- Forest based
- Highland mixed
- Rice-tree crop
- Highland perennial
- Highland temperate mixed
- Root crops
- Cereal-root crops mixed
- Maize mixed
- Dryland mixed
- Large commercial and smalholder
- Agro-pastoral millet/sorghum
- Pastoral
- Sparse (arid)
- Coastal artisanal fishing

Pampaيدا, Nigeria

Population ~26 600

Cereal-root crops mixed

Population density: 178 people per km²

Precipitation: 987 mm per year

Tiby, Mali

Population ~74 350

Agropastoral millet and sorghum

Population density: 80 people per km²

Precipitation: 677 mm per year

Potou, Senegal

Population ~31 690

Coastal artisanal fishing

Population density: 64 people per km²

Precipitation: 406 mm per year

Bonsaaso, Ghana

Population ~31 790

Tree crop

Population density: 76 people per km²

Precipitation: 1359 mm per year

Ruhiira, Uganda

Population ~45 000

Highland perennial

Population density: 325 people per km²

Precipitation: 1245 mm per year

Dertu, Kenya

Population ~6150

Pastoral

Population density: 4 people per km²

Precipitation: 495 mm per year

Mayange, Rwanda

Population ~22 900

Highland perennial

Population density: 298 people per km²

Precipitation: 1195 mm per year

Mbola, Tanzania

Population ~38 740

Maize mixed

Population density: 44 people per km²

Precipitation: 960 mm per year

Mwandama, Malawi

Population ~34 260

Cereal-root crops mixed

Population density: 496 people per km²

Precipitation: 986 mm per year
